Friday Morning, September 19, 1879.

THE Democrata of New York very Kelly and his Tammany ring, and re- er he told that there is no such place minated Gov. Robinson to succeed hilmself as Governor. The Tammany so brisk there that repairs and en-espitul at Washington. It will cost crowd withdrew from the Hall and organized elsewhere, by the election date the ever increasing crowds that the Char of Russia is seriously sick, of David Dudiey Field as Chairman. are bent in that direction. Then Kelly was put in nomination and unanimously chosen as their asinuaru nearer for Covernor. This action was occasioned alone by petty spite against Robinson, whose adminspite against Robinson, whose administration has been one of uprightness and reform, principles wholly at variance with the corrapt office-holders and seekers of the Kelly clau. But and seekers of the Kelly clan. But this little side show will come to not the good sense to see the error of their way before the election, they will realize it to the fullest extent the rigors of war to defend the rigors of w way before the election, they will realise it to the fullest extent thereafter.

The Democrats from principle, largely

### THE WEBSTER WAGON

A specialty, BOTH WHOLESALE AND RETAIL, This Wagon is, without doubt, scarcely excelled by any wagon manufactured in the United States. It has merits that no other wagon (save one) can possibly present. With the advantage gained in the TRUSS-ROD axle attachment, broken axles will be almost unheard of.

## be the largest and cheapest assortment to EVERY WAGON FULLY WARRANTED

INCIDIT - REAL OF THE STREET AND A STRATTEN

BUSINESS CULLEUR, the Third and Main Street, Louiscillo, Ky.

STANFORD, KY.

It is n well known feet that the mallelous standerings of gossips have became publicly known by building if ever a woman wants a free room for caused more trouble in this world "the Baldwin," now so favorably meditation and prayer, it is then; and, than almost any other cause. The known as a popular house on Market likewise, the same with the man. liquor traffic has been assailed again street. Snn Francisco, 275 by 210 There never were two persons so near does as much harm as that class of cluding furniture, cost \$3,000,000, lities. A woman may think she knows people, only too large, who are con- Traveling through Los Angelos coun. a man just as well as if she had been tinually seeking opportunities to vilify ty, he fancied and bought a Spanish through his head a number of times their neighbors and to ruin their char- grant of 60,000 acres of bountifully with a lantern; but let her come to acters in the sight of all their friends. watered garden land and land it out in live with hint from day to day, from Could the secrets of various persona princely style. Of this 18,000 acres week to week, in sunshine and in be read it would be found that many are molet bottom land, needing no ira person has been alriven to suicide, rigation. Outside of this he has artiand many a happy home broken up, ficially irrigated most of the property on account of the stories set afloat by means of six miles of eight-inch when stove pipes are up and when those sho, having no business of their pipe, and beautiful lakes are formed they are being put up; and la all other own, employ their time in prying into here and there, with runtle bridges er trials and reverses of life. I tell and misinterpreting the action of oth- and other adoruments. Some fitty you she will come across little impacrs. A case illustrating the results of runtic cottages are the homes of his tient ubstinute strenks in him she nevthis gossiping habit was anumunced in army of working people. All sorts or laid eyes on before; little selfish, the Associated Press dispatches of last of farm buildings are tastefully arweek, dated Norwich, Conn: "Zibe ranged, and flowing artesion spring a with her. He may have been firm as Sindley, of East Killingly, attacked abound of purest water. The orchhis sleeping wife with a club, and and has 1,200 acres, with 18,000 or. rylog an angel, but the very first beat her about the head so her recoving and lemon trees, 2,000 nimonds, time he brings mexpected company from the cause is believed to have been jealouted and the second sy needlessly excited by gossiping grapes, innumerable apples, pears, inciglibors. He was acrested." Here plums, peaches and figs. He has 60,is one of the most serious crimes 000 encalyptus tree, of twenty-seven got 13 sail around; and they want known to the law committed on a per- varieties, and 3,000 of the graceful strength, and they want patience, and aon innocent of the offense claimed by pepper trees, our most ornate ever. they want elbow room." the gossipy neighbors. The husband, green and drooping variety, bearing n led on by bliad jealousy due to those profusion al pepper-looking spice berof unried life, that rises to light scaudni-mongere, murders his wife. It ries. A broad avenue is laid out, in a and commentary on the Christian three miles long by 120 feet wide, sion of which the husband is charged. contemplation of the romance of his Were it possible to try and convict creation. them by an earthly tribunal, as accessories to this murder, it would undoubtedly furnish a wholesome and much-heeded warning to other gossipe of the possible result of their nonlicions slanders, -- [Rochester Union,

Killing and Enting their Children Russian merclanta recently return-

ed from the interior of China to St. Peterslurg, have furnished the Golos. with terrible details respecting the famine which has for some time past prevailed throughout certain provinces of the Celestial Empire. They destreets of many towns and viliages from sheer starvation, and state not only that anthropophagy is practiced upon the body of the dead, but that lamished men attack the living and prey upon them with all the forecity and greediness of the fiereest carnivorn. One of them alleges that he was present at the examination of a mendienut; who had been arrested for some petty theft, and in whose pro fessional wallet the mangled remains of an infant were discovered. This man confessed to the inngistrate that for some time previous to his seizure he had lived exclusively upon the tresh flesh of human beings, as he eauld not surmount his antipathy to ulate. that of dead bodies. Another appalling ease which came under the notice of a Russian merchant was that of a young man who had persuaded his tather to assist him is murdering and subsequently eating a girl to whom he was betrothed. Men have been executed for killing and cating their out swearing. own children, and sons have slain their fathers in order to appease the pangs of hunger. In some of the Northern districts whole villages stand empty, their inhabitants having one and all perished for want of food. Some of the incidents recounted by these commercial travelers, and published in the Golos, are too horrible for reproduction; but the above details will convey some idea of the awful sufferings by which the population of the Flowery Land has lately been and indeed still is, afflicted.—[Lon-pined over the wires to prevent the don Telegraph.
